| Shaped with encouragement on her debut at Newcastle (1m, AW) in November and she built on that when third of seven over that same C&D next time; off since December but her pedigree suggests she'll be suited by this longer trip.                                                            |                                         |              |                  |            |    |    |           |

**SPOTLIGHT VERDICT** **Fanciulla Del West** (second choice) showed ability in her two previous starts over 1m at Newcastle and her pedigree suggests this longer trip will suit, but the same can be said for **BRILLIANT STAR**. The selection shaped well when runner-up over 1m on her debut in November and she looks the one to beat. **Kenkelly** has an interesting pedigree and is noted on her debut. [Harry March]

**SPOTLIGHT VERDICT** Having made a promising start for Adam Kirby when runner-up at Chelmsford last time, **CARAGIO** gets a confident vote to go one better here despite a 3lb weights rise. **Dark Side Thunder** could emerge as the main danger, although fellow C&D scorers **Bill Plumb** and **Ironist** can also have a say in this competitive handicap.[Peter Entwistle]

| Sole win came on his debut at Newcastle (6f, AW) in December 2024 but he ran well when runner-up at Leicester (6f, good) on his stable debut eight days ago, shaping as if he's worth another go at 7f; contender if backing that effort up.                                                                |                                            |                   |                    |            |           |           |           |
