Note: To the left of the horse name are horse's official ratings in each of their last nine races. Ratings for non-handicaps are shown in *italics* and represent the latest official rating for a horse at the time of the race, they do not reflect the weight the horse carried. On the flat, ratings for All-weather races are displayed in **bold**, those for turf races in plain type. On the jumps, chase ratings are shown in **bold** and hurdle ratings in plain type. The superior figure to the left of a rating represents the horse's finishing position and that to the right, the distance it won by or was beaten by. Best, highest and lowest ratings (to the right of the horse names) are surface specific i.e. only All-weather or only turf on the flat, and type specific i.e. only hurdle or only chase over jumps. Official ratings in non-handicaps reflect each horse's latest published mark and are not adjusted for age and weight.
